

TECHRON SOLUTIONS

COMPANY PROFILE

2024

PROVIDING YOU ENDLESS POSSIBILITIES

INTRODUCTION:

Techron Solutions is a dynamic engineering and contracting company offering integrated solutions in electrical, plumbing, civil works, and water treatment systems. We serve industrial, commercial, and residential sectors with a commitment to quality, innovation, and on-time delivery.

OUR MISSION

To deliver reliable, efficient, and innovative engineering solutions that empower industries and improve lives—while upholding quality, safety, and sustainability at every step

HI THERE!

Welcome to Techron Solutions, where we specialize in providing comprehensive engineering and contracting solutions tailored to your needs. With decades of expertise in industrial electrical systems, plumbing, civil construction, and water treatment plant installations, we pride ourselves on delivering high-quality, sustainable solutions across industrial, commercial, and residential sectors.

PROVIDING YOU ENDLESS POSSIBILITIES

ABOUT COMPANY

Techron Solutions is a leading multidisciplinary engineering and contracting firm, specializing in a wide range of services that include industrial electrical systems, plumbing solutions, civil construction, and water treatment plant installations. Established with a vision to provide reliable and cost-effective engineering solutions, we cater to diverse sectors, including industrial, commercial, and residential projects.

With a team of highly skilled and experienced professionals, we deliver end-to-end services that meet the unique needs of each client. We pride ourselves on our ability to take on complex and large-scale projects while ensuring the highest standards of quality and safety. Our commitment to excellence has earned us a reputation as a trusted partner in delivering sustainable solutions that contribute to the success of every project.

PROVDING YOU ENDLESS POSSIBILITIES

OUR EXPERTISE

We have successfully completed numerous projects across various domains, including electrical power systems, comprehensive plumbing networks, civil works, and water treatment facilities. From concept to completion, we provide tailored services that encompass the design, supply, installation, and maintenance of systems and infrastructures that meet international standards.

OUR APPROACH

At Techron Solutions, we adopt a collaborative approach, working closely with our clients to understand their specific needs and challenges. This allows us to offer personalized, practical solutions that are not only effective but also economically viable. We believe in continuous improvement, and we integrate the latest technologies and best practices into every project we execute.

OUR SERVICES

COMPANY

Techron Enterprises delivers a full spectrum of engineering, MEP (Mechanical, Electrical, Plumbing), and infrastructure services. Our expert team ensures high-quality execution, reliability, and cost-effectiveness across all projects.

ELECTRICAL WORK

- HT/LT Panels Installation
- Industrial & Commercial Power Distribution
- Wiring, Earthing & Load Balancing
- UPS & Generator Integration
- Lighting Design & Installation
- Cable Tray & Conduit Systems
- Solar Power Systems (Hybrid & Off-Grid)

PLUMBING SYSTEMS

- Water Supply & Drainage Layouts
- PVC, GI & PPRC Pipeline Installation
- Pressure Boosting Pumps & Systems
- Sanitary Fittings (Kitchens & Bathrooms)
- Sewage & Grey Water Handling
- Mechanical Water Distribution Systems

PROVIDING YOU ENDLESS POSSIBILITIES

OUR SERVICES

CIVIL CONSTRUCTION

- Grey Structure & RCC Foundation
- Full Interior Fit-Outs (Paint, Tiles, Ceilings)
- Renovation & Retrofitting Services
- Excavation, Waterproofing & Plastering
- Commercial Construction & Shop Interiors
- Residential & Industrial Maintenance

WATER TREATMENT SOLUTIONS

- Reverse Osmosis (RO) Plants
- Carbon, Sand & Micron Filtration Systems
- Effluent & Sewage Treatment Plants (ETP/STP)
- Water Softening & Demineralization Plants
- Membrane Cleaning & Media Replacement
- SCADA/PLC-Based Control Systems
- Chemical Dosing Systems
- AMC (Annual Maintenance Contracts)

MEET OUR TEAM

CEO

M. Javed Aslam

M. Javed Aslam is a seasoned professional with 35+ years of experience in treasury management and project execution. He served as Head of Treasury and at various position under Project Management at a multi national Oil and gas company , where he led major infrastructure projects and financial operations.

Under his leadership, Techron Enterprises is driven by a strong foundation of professionalism, precision, and integrity, ensuring every project meets the highest standards of quality and client satisfaction.

Business Development Manager

M. Tauha Javed

Since 2019, he has worked with various companies and led multiple projects from planning to successful delivery. His most notable achievement includes the complete execution of Hasnain Residency, a 32-apartment Building From civil structure, interior finishing, electrical layout to plumbing and solar backup systems, every aspect of the project was executed under his technical supervision and leadership.

His practical knowledge, site expertise, and problem-solving skills have made him an integral force behind Techron's success in delivering quality-driven and technically sound engineering solutions

Finance Manager

M. Irfan

With 20+ years of financial management experience, M. Irfan brings strong expertise in handling accounts, budgeting, and cost control for both educational institutions and MEP (Mechanical, Electrical & Plumbing) companies.

His deep understanding of project-based finance, vendor management, and regulatory compliance plays a vital role in ensuring Techron's financial operations run smoothly and efficiently. M. Irfan's disciplined approach and analytical mindset help maintain transparency, optimize costs, and support strategic decision-making across all projects.
